- C. History writes the stories, Telling what is true, From someone's point of view
1. C G F Em Am
Noah Inman set the example by going first
Bearing your testimony sets one up to have their bubble burst
But more important it opens the door for The Holy Ghost
Directing the light of Christ so we do not just coast
2. C G F Em Am
Kirsten Songster also made two trips to the podium
"I know the church is true" Expressing heartfelt thanks
Dylan Hutchings told us the scriptures are God's word
There was no doubt for anyone who truly heard
3. C G F Em Am
Ashley Siebert explained the prophet's role for us
Children teaching adults the truth of eternal life
Tyler John reviewing the restoration
Explaining how important the Book of Mormon is
4. C G F Em Am
The following month a young man marched to the podium with grit
Jonathan Schmidt had written out words sure to be a hit
A testimony of Jesus and the fact he is our Savior
The good soldier repeating things we all need to learn
5. C G F Em Am
Morgan Bancroft getting ready for her baptism
Brave young people crossing a social chasm
Jared Davis had his mother go first
Then he summed up what everyone else had said
6. C G F Em Am
The strength of the church is individual testimonies
Sometimes they are born, and sometimes by phonies
But usually they silently grow in our heart's garden
Inside quiet steady folks like Jennifer Martin
