1. 

G E  
Well there's certain things that you gotta get done  
A7 D7  
If you're going make it back to the father and the son  
G E  
This life ain't the place to play around  
A7 D7  
If you wanna be lifted up instead of thrust down  
G G7  
So, if you're ever gonna see brighter days  
C A7  
You're gonna hafta quit your low-down ways  
G F# F E  
It's time to say "In God we trust"  
A7 D7 G  
"Celestial Kingdom or Bust"
2. 

The Lord took Israel by the hand  
And led them out of Egypt to the promised land  
He fed 'Em on manna for forty years  
But the way they led their lives brought the Lord to tears  
So, the Lord gave Moses tablets of stone  
With Ten Commandments written thereon  
"Go tell those people these laws are a must"  
"Celestial Kingdom or Bust"
3. 

Now the sons of Mosiah were fooling around  
Puttin' down Christians in their own home town  
And Alma the Younger, whose father was chief  
Ran with those guys preachin' disbelief  
And an angel came down and told 'Em, "Boys"  
"The Lord's gettin' mighty tired of your noise"  
"If you're gonna say anything, make it just"  
"Celestial Kingdom or Bust"
4. 

The apostles were out in a fishing boat  
Finding it hard to keep afloat  
The waves rolled in and the wind swept past  
And they all thought they'd breathed their last  
Then Peter looked up, and saw the man  
Walking on the water, saying, "Come take my hand"  
And jumping from the boat Peter's words were thus:  
"Celestial Kingdom or Bust"
5. 

Joseph told Brigham to take the people  
To the west and build a temple  
They finally arrived in 1847  
And found the desert wasn't heaven  
But they put their shoulder to the wheel  
Worked together and closed the deal  
And before they knew they made it thus  
"Celestial Kingdom or Bust"
6. 

Now the Gospel stories have their place  
We can always use them as a point in case  
But no matter how often these stories you've read  
Faith without any works is dead  
So, if you see someone bending under their load  
Stop and help them along the road  
We help them, and they help us  
"Celestial Kingdom, Celestial Kingdom,  
Celestial Kingdom, Celestial Kingdom or Bust"
