C. Quiet times in the mountains
Reflecting on things we've done
Quiet times in the mountains
Lit by rays from the morning sun
- C G F C
1. We congregate once a year
This year we saw a lot of deer
They ran away from us in fear
We can learn from them looking in the mirror
- C G F C
2. Muscles aching from a strenuous climb
Learning life is not all about the dime
Our lives with nature need to rhyme
Then we find more good times
- C G F C
3. Sheep baa-a-a-ing in the distance
Rain and fire and coals providing incense
Mistakes can be overcome by repentance
We just need to think about each instance
- C G F C
4. Kids sleeping in today
Not in a hurry to play
Andrea back from a walk with a lot to say
Everyone missing the morning sun's rays
- C G F C
5. Rain threatening muddy roads
Three cars with very full loads
All beyond the preview of little toads
Who just expect to have a nice abode
