1 Am G Am  
A glow gathers in the east  
Am G C  
And light begins to shine forth  
Am G Am  
To shine on a world of disbelief  
Am G C  
To show the night is but a thief

C1 Am C Dm Am  
Like my Mom who's there by my side  
Am G C  
And shows me the right side of a smile  
Am C Dm Am  
The Son will come, the sun will shine  
Am G C  
And we our road will find

2 Am G Am  
Red streaks across the sky  
Am G C  
And paints the clouds as they pass by  
Am G Am  
A sign for all the world to see  
Am G C  
To know, when they see the darkness flee

C2 Am C Dm Am  
Like my love who's there by my side  
Am G C  
And shows me the right side of a smile  
Am C Dm Am  
The Son will come, the sun will shine  
Am G C  
And we our road will find

3 Am G Am  
The shadows creep towards the east  
Am G C  
As light uncovers what was hid  
Am G Am  
Showing traps and a treacherous path  
Am G C  
And also a goal we all should have

C3 Am C Dm Am  
Like my God, who's there by my side  
Am G C  
And shows me the right side of a smile  
Am C Dm Am  
The Son will come, the sun will shine  
Am G C  
And we our road will find
